

School Bank Update

Plans are underway for our In-School Bank art show where students will submit a drawing, painting or sculpture depicting their savings goal. The show will have as its theme, “Your money is growing, where is it going?” Students should submit drawings or paintings on 8.5”x11” or 8.5”x14” paper, and sculptures should be modest in size. The artwork would then be displayed at Chain Bridge Bank and would possibly be compiled and produced into a wall hanging calendar for the next school year. All FS families would receive this calendar that would list the dates the bank is open, as well as other PTA and school related events. More details to follow in coming weeks!

We look forward to banking with you and your students! If you have any questions, please contact:
