

New families: Please join "Just Between Friends"

If your family is new to the school, please sign up at <http://www.justbetweenfriends.com> in order to make sure you receive PTA email reminders/announcements and so that your family will be included in the update to the FS school directory scheduled to be printed later this month.

To join the FS PTA "Just Between Friends" (JBF) group, go to <http://www.justbetweenfriends.com> and enter the token "fsepanda" under "Join Your Group" on the left-hand side of the page. Sign up is easy and quick. Soon after signing up, you will receive a validation email in your email inbox, which you will need to click on to complete your registration. Be aware that some of our families are finding the Just Between Friends emails in their "junk" or "spam" folder.

A weekly email digest of PTA announcements is going out every Wednesday via JBF to cut down on the amount of emails and paper flyers our community receives. In addition, FS family contact information is available anytime via our secure online school directory at JBF for your convenience – just click on the "Our Directories and Rosters" tab towards the top of your start page. If you would like to limit the contact information that others in our group can see, please go to www.justbetweenfriends.com, log in, and click on "Our Household" in the upper right-hand corner of your start page. Select "Change Privacy Options" to view and/or change your settings.
